The ReadyBoard™ is a family of low-cost, reliable SBCs with PC-style connectors for its extensive I/O. For a turnkey solution, the ReadySystem™ comes with pre-installed operating systems giving OEMs the fastest time to market possible. ReadyPanels are all-in-one panel computers with integrated color TFT LCD touch screens.

ReadyBoard™ 800 features low-power, fanless Pentium® M and Celeron® M processors with PCI-104 (PCI bus) expansion interfaces. **ReadyBoard 700** features fanless Pentium® III and Celeron® processors, and is suitable for different low-cost embedded applications. **ReadyBoard 620** features AMD Geode LX 800 low power processor. **ReadySystem** and **ReadyPanels** are complete turnkey solutions with a choice of ReadyBoard, 256 MB RAM and 40 GB 2.5 HDD.

FEATURES

- › A choice of CPUs ranging from 400 MHz ULV Celeron to 1.8 GHz LV Pentium M
